Sister Debbie Chelson

Debbie Chelson has found joy in Church service since her first solo in Sacrament meeting at age three. She's happiest when serving others, including her extended family of 32, in her work in Internal Communications, or through callings where she was recently released as Ward Relief Society President and newly called as Stake Public Affairs Director.

Brother Michael Mobley

After joining the church at 18 and serving a mission in France and Belgium, Michael Mobley taught internationally and obtained a Masters in Instructional Technology. This Gospel Doctrine Teacher will share his experiences of finding joy while serving in the Church on three continents.
